

Cloud based Analog IC Design Hackathon

This is to certify that

Vinay Saini from IIT (BHU) Varanasi

has designed the circuit

D flip flop using 28 nm CMOS

using Synopsys Custom Compiler Platform
She/He has performed an Outstanding/Excellent/Very Good/Good work.

This program was conducted between 15 February - 1 March 2022 as an initiative of IIT Hyderabad, which has been sponsored by Synopsys in association with VLSI System Design (VSD) Pvt.

Dr Ashudeb Dutta

Program Co-Ordinator, IIT Hyderabad

Dr B Umashankar Chair CCE, IIT Hyderabad
